

**Article 5.** The author is obliged to attach to the submission a Statement of Intention to clarify that the manuscript has not been published anywhere and s/he will not submit it to other journals until s/he receives the editorial commission's decision of its status, and that the manuscript is not part of a book-length publication planned to be published within a year.

Given the widespread practice of posting preprints for a broader audience, the authors must disclose the existence of the preprints in the Statement of Intention. If you have shared an earlier version on a preprint server, please be aware that anonymity cannot be guaranteed.
